Contact No. +919515295811 | [Email id: sainamithagunishetti@gmail.com](mailto:sainamithagunishetti@gmail.com)

Career Objective :

Passionate developer skilled in Java, Python, MySQL, and modern web technologies, aiming to utilize my knowledge in building robust applications and intelligent solutions while growing professionally in a dynamic environment.

Educational details:

Qualification	Institution	Percentage/CGPA
B.Tech in IT	Bhoj Reddy Engineering College for women	8 (till date CGPA)
Intermediate	Sri Chaitanya junior college	94.4%
SSC	Sri Chaitanya Techno school	10(CGPA)

Internship:

Vault Of Codes

Web Development Intern

Gained hands-on experience in developing Python applications and automating tasks using Python libraries.

Technical Skills :

- Programming languages: C, Python, Java
- Front-End: HTML, CSS, JavaScript, Angular
- Technologies: Machine learning
- Database: MySQL

PROFESSIONAL SKILLS :

- Hardworking Nature.
- Good Communication skills.
- Active Listener.
- Good Learning Capabilities.

STRENGTHS:

- Self-motivated.
- Strong Work Ethic
- Strong Will Power

ACHIVEMENTS:

- certified in Data science using python
certified Fundamentals of Generative AI
- certified Generative AI

PROJECT:

- Hospital Management System

Includes registration of patients, storing their details into the system. The software has the facility to give a unique id for every patient. This system can be entered using a username and password. This system helps manage the information related to health care and aids in the job completion of health care providers effectively.

MINI PROJECT :

- Agro Care – Plant Disease Detection System

Built a Flask-based AI application using CNN (PyTorch) to detect plant diseases from leaf images and provide treatment recommendations.

MAJOR PROJECT :

- SkillSwap – Peer-to-Peer Skill Exchange Platform

Developed a MERN-stack web application enabling users to exchange skills through real-time chat and video sessions. Implemented secure authentication using JWT and Google OAuth. Built skill-based matchmaking, feedback system, and responsive UI for collaborative learning.

WORKSHOPS:

- Participated and certified by Brainovision on Data science using python in Bhoj Reddy Engineering College for Women for 7 days
- participated in Boot camp and certified by devtown on python Artificial intelligence

Declaration :

I consider myself familiar with all the above mentioned aspects. I hereby declare that all the above furnished details are true.
